INTRODUCTION

Many years ago, the Fur Fighters were deployed to stop the evil General Viggo from carrying out his plans for global domination. Good conquered evil (of course!) and Viggo found himself breaking rocks in the hot sun.

With their greatest foe behind bars, the Fur Fighters retired to a peaceful seaside village to relax and raise their children. But General Viggo did more than whittle soap guns in the Big House! He was scheming to take over the world again but, this time, he employed the mighty resources of Viggo Industries. In order to prevent the Fur Fighters from stopping him again, General Viggo and his army of stupid bears have kidnapped our heroes' families!

What General Viggo didn't count on was the Fur Fighters' fury, furtiveness and skill with firearms! These six shaggy, stouthearted soldiers - Raofus, Juliette, Bungalow, Rico, Chang and Tweek - must combine their individual skills and their semi-functional telepoints, in their quest to find their families and defeat General Viggo once and fur all!

BIOS

ROOFUS

The oldest of the Fur Fighters, this tough hound has dependability stamped all over him. Raised in the brutal inner city kennels of Glasgow, he joined the army to escape the slums as much to fight. He was a natural soldier and won many medals but shunned all offers of promotion. As the most experienced fighter, Roofus leads the Fur Fighters, steeling himself for one last battle to help save his family.

Species: Hound

Special Skill: Burrowing

CHANG

Chang was born into a rich family in rural China and raised in the bright lights of the country's southern boom cities. When the war started, he horrified his kin by choosing to become a common foot soldier. His encyclopedic knowledge of science and strategy combined with his natural agility and cunning, make him one of the Fur Fighters' best weapons.

Species: Firefox

Special Skill:

Squeezing through holes

JULIETTE

Beautiful and athletic, Juliette is a supreme warrior. She can be temperamental, stubborn and selfish with an annoying tendency not to listen to others. When frustrated, she becomes tempted to go it alone but, with persuasion, she'll stick with the team.

Species: Pussycat

Special Skill: Climbing

RICO

Raised among the huge penguin communities of southern Argentina, this idealistic bird always craved more than his mundane life of fishing and dodging orcas. He set forth in search of his dream and stumbled on the Fur Fighters who have helped him to hone his talents. Rico is somewhat overconfident and prone to daydreaming. He isn't quite the hero he imagines himself to be, but there's no one more skilled in the water.

Species: Rockhopper Penguin

Special Skill: Swimming

BUNGALOW

Bungalow is a fully-grown male Kangaroo and best friend to Roofus the hound. Slow and easygoing, this massive antipode has a lot more muscle than sense. He is happiest when taking orders from others—usually Roofus or his domineering wife!

Species: Kangaroo

Special Skill: High jumping

TWEEK

Tweek is less than a day old. The last of his mother's eggs to hatch, he only spent a few precious minutes with her and his siblings before General Viggo stole them away. Although he is the largest and slowest of his brothers and sisters, he knows he must fight to get them back. Clumsy and nervous, he finds his new world scary and fascinating. Luckily, he can rely on his instinctive knowledge of firearms and the other Fur Fighters looking out for him.

Species: Drægon

Special Skill: Gliding

CHANGING CHARACTERS

In order to change characters, you must find one of the many Telepoints in the level. These are green globes with the face of the character you can change to inside it. If that isn't the character you require, then you have to find another globe!

LET THE FUR FLY!

In your daring quest to conquer General Viggo, you'll travel to strange worlds and battle even stranger enemies. So, you'll need your wits! Remember, this is a game of brains as well as brawn. But you won't have to go it alone. Friends like General Bristol and Sergeant Sternhauser will keep you fit and informed! When you start your journey, be sure to pay a visit to Sgt. Sternhauser, the Fur Fighters' old drill instructor, at the Undermill Training Facility located in The Village. He'll teach you all the skills you need to take on an army (even if they are an army of bears)! After you've completed your training and have thoroughly investigated The Village, be sure to go straight to the subway station. Ride the rails to New Quack City but be sure to stop at the statue of Gen. Bristol for some other worldly advice!

HUBS

Each uniquely themed hub – of which there are six – is entered via a path from The Village. Each hub contains the entrances to the levels and Boss arenas. After completing the training level or defeating a Boss, the key to access another hub will be given to you.

THE VILLAGE

Your quest begins in The Village. The Village is a home base from which the Fur Fighters can enter one of the other hubs. Each Fur Fighter has a home in The Village to which their children, siblings, etc. will return once they are rescued. After you've heroically saved a few children, return to The Village and they'll teach you how to play with the toys in your house! Don't forget to beef up your skills at the Undermill Training Facility before you begin your journey!

NEW QUACK CITY

From The Village, you must catch the subway to New Quack City. This gleaming metropolis is on urban aviary. Its bright lights and loud noises are a far cry from the tranquility of your home Village.

BEAVER DAM

This massive construction is the fruit of beaver civil engineering. Though they are masters of construction, these semi-aquatic mammals are woefully timid and really bad at balancing a checkbook.

CAPE CANARDO

HUBS

General Viggo is reaching his claws into outer space! He surely would have penetrated the outer atmosphere by now if not for the bumbling incompetence of the lome ducks that run the Cape.

DINOTOPOLIS

This civilization of middle-class dinosaurs was, until very recently, undiscovered. Now General Viggo spends his free time spying on these Mesozoic monstrosities, hoping to discover the secret to their advanced lifestyle and technology.

ANATAT TATANATAT

HUBS

Deep in the heart of the jungle, Anatat Tatanatat Kingdom was untouched by modern man...er, cat far centuries. When General Vigga discovered its primordial mysticism, he knew he'd found the location to open a portal from the Place Where All Bad Bears Go and raise an army of undead bears who would obey his every command!

VIGGO A-GO-GO

Like all omnipotent overlords, Viggo has his seat of power. Onboard his impenetrable floating fortress is where the Fur Fighters must face their indomitable foe. Hold on to your pelt as you board Viggo's mighty aircraft carrier for the final showdown!

TOKENS

Within each level, there are gold tokens. Each level within a hub requires a certain number of gold tokens for access. If you haven't collected enough tokens to proceed to the next level, you must re-enter a previous level and collect any tokens you missed. If you do re-enter a level (either by choice or by kicking the bucket!), the Gold Tokens that you had previously collected will now be replaced by Silver Tokens (don't worry...the Gold Tokens you forgot to get will still be there!). Grab these Silver Tokens as you need them as they will supply you with some much-needed health.

FAMILY VALUES - BABIES AND BOSSES

Vigga has kidnapped the Fur Fighters families, and put them to work for his evil cause. All of their babies have been trapped around the levels, and it's your job to rescue them and send them safely back to the Village. But remember, they are all good little babies, and will only go home with the Fur Fighter that they are related to - so make sure you keep an eye on where these Telepoints are! You will need to have rescued a certain number of babies to challenge the boss in each Hub.

The bosses are the Fur Fighters' spouses (or in Tweek's case, mother) which have been genetically mutated by Vigga as part of his evil plans. Each Fur Fighter must battle his or her own relative to break their horrible spell. When their relative has been successfully released from this hideous enchantment, General Bristol will reward you with an item that you'll need to open up another hub.

WEAPONS

The Fur Fighters have a large arsenal of weaponry that expands as your quest progresses. Starting with just a pistol and a close range attack, your weapon collection enlarges to include shotguns, grenade launchers, rocket launchers, plasma weapons and many other devices of destruction.

Here are just a few of the weapons available to you on your quest:

Pistol

You begin your quest with this basic Fur Fighter weapon.

Bomb Launcher

The bouncing bombs blow up bewildered bears real good!

Shotgun

This is a short-range firearm. Best when used in close quarters.

Rocket Launcher

Deadly in both short and long range situations. This weapon requires a sharp eye to be fully effective.

Freeze Gun

Only polar bears can withstand the shattering cold of this icy weapon of destruction.

Plasma Blaster

High intensity photon phluffing phar the whole phamily!

Neutron Gun

This short range weapon packs a nuclear punch. This technologically advanced tactical device is beyond the cranial capacity of your enemies.

FLUFFMATCH

This is a head-to-head match where you beat the stuffing out of your fellow Fur Fighters! Choose from among six unique combat arena levels, select a Fur Fighter to represent you and your opponent, and let the battle begin!

You can select the length of time the FluffMatch lasts for and the number of Fluffs. There is also an Infinity Option – with Unlimited Fluffs and Unlimited time – so you can play forever – or until the Electric Company cuts off your juice! Once the time runs out or the number of Fluffs is achieved, the results are shown on the results screen. In a Fluffmatch, you can choose to play using a first person perspective and to hide important display information (like your current weapon) on your VM. If you don't have a VM inserted, the option is not available.

HINTS & TIPS

General Tips, Advice & Gossip

- Remember, tokens give you health. Think strategically when picking them up.
- Explore the levels from floor to floor. Try everything possible; you'll find you can move and pick up objects you wouldn't expect to.
- Aren't you ever going to get out of those pajamas? And look at that hair!
- Try to get to a telepoint after completing a difficult puzzle so that your progress will be saved.
- The plush prizes "won" at carnivals are usually worth much less than the cost of play. You will do better simply throwing your money out the car window, or saving it for Fur Fighters II.
- Remember, the levels are linear: clear the puzzles in order from beginning to the end, and don't forget to go back to ones you haven't finished.
- Use all the characters to their fullest potential. Explore their different natures and skills.

Fighting Tactics, Ammo, & Animals

- Conserve ammo.
- At long range, the pistol is a lot better than the machine guns.
- Try circle strafing around a stupid bear to really confuse him.
- Occasionally, you can make enemies shoot each other enough that they'll attack themselves and ignore you.
- The Fur Fighters may appear to be cuddly and cute, and by gosh, they are pretty special. In real life, however, armed pets are a bad idea. Keep all weapons safely stored out of reach of any animals.
- Some enemies won't attack unless you attack first, so try to take them out one by one.
- Attacking enemies from close range does more damage. Head shots do more damage, too.
- Your weapon can be used for more than just offing enemies; it's often the only way you can solve puzzles.
